## THE MALTESE ISLANDS

Of the four islands that comprise the Maltese archipelago only Malta, Gozo and Comino are inhabited, Filfla is not. The archipelago lies virtually in the centre of the Mediterranean Sea, with Malta 93kms south of Sicily and 288kms north of Africa.

### Gozo

Gozo is smaller than its sister island Malta, and has a character quite distinct from it. The island is more rustic and certainly quieter than Malta.

The countryside is greener and more spectacular. Flat-topped hills characterise the Gozitan landscape; its coast has rugged cliffs penetrated by steep valleys and picturesque bays.

Gozo is 14.5kms long and 7.2kms at its widest point; its perimeter is 43kms long.

### Comino

Comino is the smallest inhabited island in the archipelago. Neither cars nor any other noisy activity disturbs the peace of this picturesque little paradise.

The island's numerous bays and its crystal clear waters – like its famed Blue Lagoon (right) – make it the perfect choice for most kinds of water sports, especially snorkelling and diving.

MTA

### Malta

The longest distance on the island of Malta, from the south-east to the north-west is some 27kms; its widest point, on an east-west axis, is 14.5kms. Malta has neither mountains nor rivers, but a series of low hills with terraced fields on their slopes.

The coastline is well indented with harbours, bays, creeks, a few sandy beaches and rocky coves. The island has a 137kms long shoreline.

## GENERAL INFORMATION

**Accommodation** – The Maltese islands offer varied accommodation in hotels, tourist villages, guest houses, hostels and in self-catering farmhouses, villas and apartments. These are classified by the Malta Tourism Authority according to internationally accepted standards, and are obliged to exhibit their certificate confirming their designated classification.

**Airlines** – Air Malta is the national carrier. It has a fleet of Airbus A319 and A320 aircraft and flies to most European and North African capitals and major cities. Go to [www.airmalta.com](http://www.airmalta.com) for the airline's route network and timetable.

Other airlines, including low cost carriers, fly scheduled and charter services to Malta.

**Baby requisites** – All well-known brands of milk formulae, nappies, medicines and other baby products are available from chemists and supermarkets.

**Beaches** – There are several sandy beaches, especially in the north of Malta; the most popular are Mellieha Bay, Gnejna Bay, Golden Bay, Ghajnej Tuffieha, Paradise Bay and the perched beach in Qawra. St George's Bay is the only sandy beach in the Sliema-St Julian's area. In the south, the best sandy beach is Pretty Bay in Birzebbuġa.

Comino has two sandy beaches – Sta Marija Bay and St Niklaw Bay.

In Gozo, Ramla Bay stands out for its beautiful red sand. Rock bathing is possible at almost all other beach sites. (See *Beaches on the islands* on page 4.)

**Charge and credit cards** – Most hotels, restaurants and shops accept the more internationally popular credit and charge cards. Some retail outlets may charge a commission if paying with a credit card, others may not accept 'plastic' if the sale is less than a set amount.

**Chemists** – There are chemists in all towns and villages; these are open during normal shopping hours. On Sundays, chemists open on a roster basis from 09:00 until 12:30 in Malta and from 07:30 until 11:00 in Gozo. Check Sunday newspapers or go to [www.pharmacy.com.mt](http://www.pharmacy.com.mt).

**Climate** – Malta's climate is influenced by the sea and is typically Mediterranean. Winters are mild with rare occurrences of cold weather brought by northerly and north-easterly winds from central Europe.

Summers are hot, dry and very sunny. Sea breezes often cool daytime temperatures, but in spring and autumn a very hot wind from Africa occasionally brings unpleasantly high temperatures. This is the *scirocco*, which also affects Greece and Italy; in Malta, the air is usually drier because of the short sea track from the African coast.

Annual rainfall is low and the length of the dry season in summer is longer than in southern Italy. The islands have a very sunny climate with a daily average of five to six hours of sunshine in mid-winter and more than 12 hours a day in summer.

**Cuisine** – Italian cooking heavily influences the islands' cuisine, although most restaurants also serve continental dishes.

Local specialties include stewed rabbit, the national dish; *bragioli* (beef olives); *timpana* (baked macaroni) and, in summer, *torta tal-lampuki* (dorado pie).

The national 'snack' is the *pastizzi*, a small boat-shaped pastry filled with either ricotta cheese or mushy peas.

**Currency** – The unit of currency is the euro (€), divided into 100 cents (c). Coins – 1c, 2c, 5c, 10c, 20c, 50c, €1, €2. Notes – €5, €10, €20, €50, €100, €200, €500.

The 100, 200 and 500 euro notes are rarely used.

**Driving** – As in many Commonwealth countries, driving in Malta is on the left. There is a speed limit of 80kph (50mph) on highways and 50kph (30mph) in urban areas, although actual limits are usually much lower.

**Electricity** – The electrical supply is 240 volts, single phase, 50 cycles. The 13-ampere, three-pin rectangular sockets are used in Malta.

**Entry regulations** – Malta joined the Schengen system on 21 December 2007 and adheres to that convention's regulations.

**Ferries** – The Gozo Channel Company operates daily Ro-Ro services from Cirkewwa in Malta to Mgarr in Gozo. For schedules go to [www.gozochannel.com/en/schedules.htm](http://www.gozochannel.com/en/schedules.htm).

The Comino Ferries Co-Op ([www.unitedcominoferries.com](http://www.unitedcominoferries.com)) operates a passenger-only shuttle from Cirkewwa in Malta to the Blue Lagoon in Comino.

The Comino Hotel has its own ferry linking the island with Gozo and Malta. The service operates from mid-March to mid-November.

**Flight enquiries** – Telephone 52302000. Schedules are also available on the internet at [www.maltaairport.com](http://www.maltaairport.com).

**Health** – Travellers do not require certificates of vaccination or inoculation to enter the country. However, cholera vaccination certificates are required if arriving from an infected area. Yellow fever immunisation is needed for travellers arriving within six days of leaving an infected area.

**Language** – Maltese and English are the official languages of Malta. Maltese is a Semitic language similar to Levantine Arabic and written in the Roman script; the alphabet consists of 30 characters – 24 consonants and six vowels.

Maltese also includes many words of Italian, French and English origin.

**Restaurants** – There are more than 2,300 eateries on the islands. The majority are modest but there are also some fine restaurants that serve ethnic, continental and fast cuisines.

**Time** – Malta is on Central European Time, one hour ahead of Greenwich Mean Time in winter and two hours from the last Sunday in March until the last Sunday in October. The islands are six hours ahead of Eastern Standard Time in winter and seven ahead from the last Sunday in March until the last Sunday in October.

**Tipping** – Taxi drivers do not expect a tip, but 10 per cent of the fare is customary; porters – 30c to 40c per piece of luggage; restaurants – unless a service charge has been added to the bill – 10 per cent. Car park attendants expect to be tipped; the amount given is at one's discretion.

**Water** – Tap water is safe to drink, but may have an unpleasant taste and is somewhat hard. Local and imported bottled water is readily available.

All accommodations are classified by the Malta Tourism Authority

## ACCOMMODATION DEFINITIONS

**Guest house** – a guest house must be situated in a building or part of a building with an independent entrance.

Rooms must have appropriate furniture and furnishings; however, sanitary facilities must be provided in the ratio of at least one bath/shower for every 10 persons or one bath/shower per floor.

**Hotel** – a hotel means any building or interconnected buildings in which accommodation, ancillary services and amenities are provided for the public by professional management.

Accommodation is in rooms and/or suites and may also include self-catering units.

**Tourist village** – a tourist village must firstly meet the main definition of a hotel.

A tourist village must be installed within an extensive and single land area, and designed in such a way so as not to exceed the height of a three-storey building.

Tourist village accommodation must be provided in self-catering units or a mix of hotel type rooms. It must have a common entrance and reception, and provide opportunities for sports, recreation and other outdoor activities.

## CLASSIFICATION CRITERIA

Hotels are classified from five to two star. Tourist villages are classified as two, three or four star.

Guest houses and hostels are classified as ‘comfort’ – denoting the highest grade – and ‘standard’, the lowest grade.

**Five star** – fully air-conditioned accommodation; all rooms must have a private bath and shower, a telephone, a radio and TV set; 24-hour room service; a bar, restaurant and a coffee shop; a lounge area; dancing facilities; a swimming pool and sports facil-

ties; the front office must be manned 24-hours; it must also offer a laundry, ironing and dry-cleaning service and have shops and a hairdresser.

**Four star** – fully air-conditioned accommodation; all rooms must have a private bath or shower, an ‘internal or external’ telephone and radio; room service from breakfast to midnight; a bar, a restaurant and a lounge; a swimming pool or a private beach; the front office must be manned 24-hours; it must also offer a laundry, pressing and dry-cleaning service and have shops and a hairdresser.

**Three star** – all rooms must have a private bath or shower and an ‘internal or external’ telephone; a bar, a restaurant and a lounge; the front office must be manned

on a 24-hour basis; it must also offer a laundry, pressing and dry-cleaning.

**Two star** – all rooms must have a bath or shower; moreover, all rooms must have a wash-hand basin and a mirror plus an inter-telephone or similar facility; breakfast facilities must be

available; the front office must be manned during the day and at night a porter service must be available.

All hotel categories must provide bathrooms

Eco certification is the national scheme for ensuring the environmental, socioeconomic and cultural sustainability of hotels on the Maltese islands, and has been recognised by the Global Sustainable Tourism Council as fully reflecting the GSTC criteria.

Hotels that are Eco certified may exhibit the appropriate logo (*left*).

## ECO CERTIFICATION

## QR CODES

In the directory you will see Quick Response (QR) codes alongside entries and on advertisements; these patterns of black and white squares, arranged on a square grid, can encode thousands of characters in almost any language.

QR codes in this directory contain a link to an advertiser's website.

Codes can be read by any smartphone with a QR code reader installed.

These apps may be downloaded from smartphone manufacturers' portals, and most are free. After downloading and installing the app, launch it and point your smartphone's camera at the QR code. The app will scan the code and direct you to the relevant website.

## USING THE DIRECTORY

**Category** – each entry is prefixed by the property's star rating; five stars being the highest and two stars the lowest.

**Hotel name and address** – entries are listed alphabetically with their address, telephone and facsimile numbers plus their e-mail and internet addresses.

**Location and certification** – the following terminology is used to describe locations:

*Town* – built up area, some distance from the sea

*Town/seaside* – built up area with the sea and/or beach within easy walking distance

*Seaside* – facing the sea or a beach

*Beach* – on or very close to a beach

*Countryside* – rural area.

If a property closes in winter, this is shown by the entry marked **WC** and the period of closure.

The symbol denotes that the property is Eco Certified.

**Facilities** – the first entry shows the number of letting bedrooms, suites, no smoking rooms – denoted by the symbol – and apartments and apartment beds available. The abbreviations **CI** and **CO** are used for a property's check-in and check-out times. The second line shows the availability of timeshare and the number of units dedicated to vacation ownership.

The rest is self-explanatory. With regards facilities for the disabled, the information has been supplied by the hotel's management and it is advisable to check before booking.

**Island** – the name of the island on which the property is located, colour coded for quick identification.

# MARINA HOTEL

## CORINTHIA BEACH RESORT

### MALTA

Ideally located at the edge of the sparkling Mediterranean, the Marina Hotel is the perfect retreat for an island holiday. Overlooking the striking St George's Bay and just moments from St Julian's the hotel is conveniently located for exploring this sun-drenched island's many attractions.
